

Cal State Fullerton  
**Emotion Regulation and  
Social Skill Study**

Do you:

- Have a child between 4 and 10 years old without any known neurodevelopmental condition?
- Want to help researchers understand the emotional and social development of children with and without developmental concerns?

Participation includes a parent-child research visit, psychophysiological measurement of emotion, child assessment, and parent questionnaires. **Families are compensated \$30 for their time.**

**Contact Dr. Rachel Fenning: 657-278-1088 or [rfenning@fullerton.edu](mailto:rfenning@fullerton.edu)**  
Principal Investigators are **Dr. Fenning and Dr. Jason Baker**. This study is conducted through the Dept. of Child & Adolescent Studies in the College of Health & Human Development.
